- Most Eruv border streets are *outside* the eruv. If you need to walk on an Eruv border street, please request detailed information from us. This information may change more frequently than the rest of the map.
 - OSTT is located at the star in the center of the map.
 - MedStar Montgomery Medical Center (Montgomery General Hospital) is located at the "H" on the map. The hospital itself is located inside the Eruv, but only the main parking lot entrance on Prince Philip Dr. is inside the Eruv, the side and rear entrances are not.
 - To keep the map simple, most streets inside the eruv are not shown.
